

PONCO

Company Profile

Updated July 2015

Who we are

- Ponco started in 1972 and has over 4 decades of experience in the offshore drilling industry.
- Ponco conducts its business focused on our core values, STEP (Safety, Teamwork, Education & Professionalism).
- We have successfully completed jobs in Australia, Ecuador, India, Indonesia, Malaysia, Malta, Nigeria, Singapore, Thailand, Vietnam and many more.
- Ponco is dedicated to providing specialised services in offshore drilling so as to become a leading veteran in the oil and gas industry
- When you work with Ponco, you know you are working with:

The RIGht People

Vision, Mission & Core Values

Vision

Ponco's vision is to be the leader in Asia, specialising in onshore and offshore manpower services, for the oil and gas industry.

Mission

Ponco strives to professionally conduct its business, focusing on safety, teamwork, education, & professionalism, with honesty & integrity.

Ponco recognizes it has an important role in society, and aims to achieve a sustainable long term relationship with all its stakeholders.

Core Values

STEP

Safety,
Teamwork,
Education and
Professionalism

Quality, Health, Safety and Environment

ISO:9001 Quality Management System

- The ISO:9001 quality management systems checks that robust management and system processes are in place to ensure that the business runs in an optimum manner.
- Proper checks and balances are built in for contingencies in business activities. Systems are also in place for the monitoring of vendors, suppliers and customers to ensure we are constantly self-evaluating and finding ways to improve and achieve higher standards to serve our customers better.
- This certification is important to us as it reinforces our commitment to our core values of safety, teamwork, excellence and professionalism (STEP).
- We trust this award and certification will prove to all our stakeholders, especially to our existing and potential customers, that we are committed to our vision of being an international leader, specialising in manpower services, for the oil and gas hydrocarbon industry, both onshore and offshore.

Health & Safety

- Ponco is committed to the Health and Safety of all its stakeholders.
- We send our crew for safety and competency training, and skills upgrading at schools and training centers that meet international standards.
- Our certifications are always genuine (something our clients demand and appreciate) and can be verified with the relevant authorities.
- Employees good health is vital to us and we send our employees for regular medical check-ups and encourage healthy work life balance. Ponco provides free healthy lunches to all its employees on all working days.
- Workplace safety is of paramount importance to us and all precautions are taken to avoid accidents and injuries in the workplace.
- Ponco models its occupational health and safety standards based on OHSAS: 18001 and is targeting to get certified in the near future.

Environment

- Ponco recognizes it has an important role in society, and aims to achieve a sustainable long term relationship with all its stakeholders.
- Ponco is constantly updating its processes and practices to ensure minimal impact to our natural environment.
- We strongly believe we play a big part in providing our people with jobs and income to support their families and loved ones.

Systems

- Contractor Safety Management System (CSMS)
- ISO 9001 Quality Management System
- Ponco strives to use digital documents for faster processing and response time.
- Client emails are secured, and documents are stored and archived using encrypted cloud technology.

Services

Manning Services for Offshore and Shore based positions

We provide drilling companies with conventional and specialist crew for drilling jobs. We also provide shore based personnel such as accountants, finance and admin staff, crew coordinators and safety officers etc to our clients. We are your comprehensive one stop solution for your personnel needs.

Safety and Technical Training for Oilfield

We also facilitate training courses for conventional jobs (for example drillers and crane operators). We facilitate specialist training courses such as BOSIET, Fire & Safety courses, HUETS, sea survival courses and rig evacuation courses etc.

Services

Warehouse and Logistics Services

Delay in your operations? Or a sudden change of plans? We have the facilities and capabilities to store your equipment for short and long term leases so that your Rig has the sufficient space for your crew to work safely and efficiently.

Supplies and Services

Sometimes, emergency issues appear and fall outside your usual core operations and functions. Often these require specific supplies or custom services that only a local domestic specialists can help with. We offer such services and try our very best to provide solutions for you.

Services

Onshore and Offshore Catering Services

We provide to your crew high quality catering services which is hygienic, safe and nutritious. We are able to work with your existing onsite kitchen and mess, or even build one from scratch if required.

Accommodation & Health Services

We have partnerships and relationships with leading credible partners to provide accommodation and medical services. For accommodation, this includes short and long term stays in corporate hotels or service apartments. Medical Services include executive health screenings, pre-employment check-ups, executive health screenings, reconstructive surgery and other medical services.

Ponco's Experience

- Provided experienced drilling crews for **multiple Drilling units** in Indonesia
- Crews **familiar** with 3rd generation Jackups to 5th Generation semisubmersibles and even drill ships too
- provided crews to rigs even **outside Indonesian waters**, Australia, Zoca, Singapore, Vietnam, Thailand, Egypt, etc
- Ponco employees have been promoted from Ponco to direct client employment including **senior drilling positions** being obtained up to the **5th gen rig OIM level**
- Ponco has provided **Mechanical, Electrical and construction** maintenance staff on long term and ad-hoc basis for many rig projects
- Provided **proven remote location support** which has in Balikpapan, Jambi, Surabaya, Sorong, Fak Fak etc

Ponco's Experience

- **Comprehensive Support:**
 - Shore based and offshore materials control,
 - Meet-n-Greet crew and visa services,
 - Equipment supply (vehicles),
 - Intermediary services with local authorities.
- Logistics crews **multi lingual and proficient record keeping** and various reporting techniques required by Indonesian regulation and individual client needs.
- Ponco has supplied **office based staff** which liaise well with Expatriate staff and Ponco **field staff** for crew and logistical needs

Ponco's Experience

- Ponco has integrated crew training into Client's training matrix – **Eg. SMS & WWC (World Wide Competency)**
- Training for both operational and safety aspects is **monitored, scheduled and controlled** by the interface between onboard translators (Ponco) & Client Safety personnel.
- Ponco has provided **SOC (Safety Operational Coordinators)** to Clients and Operator offshore personnel ensuring National crews both Ponco and third party understand operations.
- Ponco **Safety Management System (SMS)** has been audited and satisfied Clients' contractual requirements and Indonesian legal & regulatory requirements
- Ponco's **admin & finances has been audited multiple times**, proving established processes and good governance, both with Clients' policies as well as with Indonesian tax and legal regulations

What Ponco can offer

1. Provide Full Drill Crew & Local Content
 - From roustabouts to drillers
 - Shore-based Support Staff (finance, crew change etc.)
2. Meet & Greet Services + Accommodation
3. Immigration Services
4. Catering, Logistics & Local Purchases

History - 2015

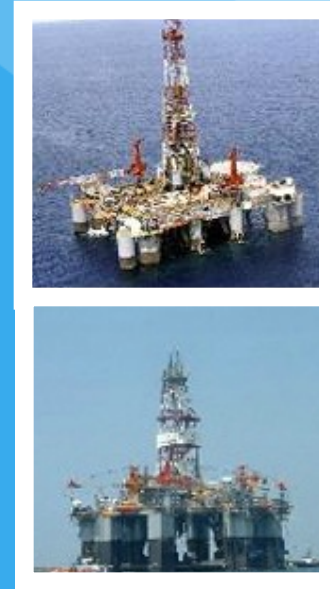

- **CHINA OFFSHORE SERVICES LIMITED (COSL) RIG-COSL POWER, SINGAPORE**
Personnel for upgrade, maintenance & shipyard services in Singapore.
- **CHINA OFFSHORE SERVICES LIMITED (COSL) RIG- COSL SEEKER, SINGAPORE**
Personnel for upgrade, maintenance & shipyard services in Singapore.
- **KS ENERGY RIG - JAVA STAR INDONESIA**
Personnel services for well exploration services in PHE WMO in Surabaya.
- **MERMAID DRILLING - MTR2**
Personnel services for catering services, food supply for drilling barge
- **CHECK 6, Performance Excellence Training and Indonesia Agency Services**
Clients include Pertamina, Chevron, Exxon Mobil

History - 2014

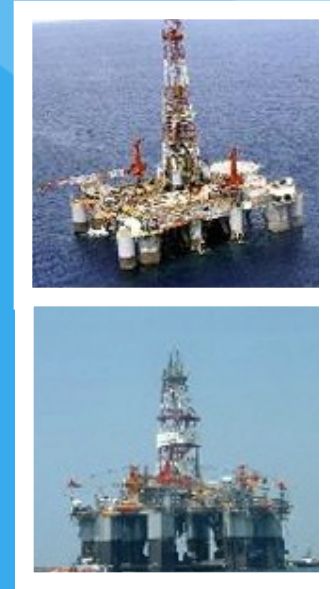

- **DIAMOND OFFSHORE RIG-169 OCEAN MONARCH, INDONESIA**
Personnel services to drilling operations for TOTAL.
- **DIAMOND OFFSHORE RIG-102 OCEAN GENERAL, INDONESIA**
Personnel services for drilling operations for PREMIER OIL at Natuna.
- **DIAMOND OFFSHORE RIG-133 OCEAN ROVER, MALAYSIA**
Personnel services for well exploration services in Malaysia for MURPHY OIL and HESS.
- **CHINA OFFSHORE SERVICES LIMITED (COSL) RIG- COSL BOSS, INDONESIA**
Personnel for well exploration services & Catering services in West Papua for BP.
- **KS ENERGY RIG - JAVA STAR INDONESIA**
Personnel services for well exploration services in PHE WMO in Surabaya.
- **MERMAID DRILLING - MTR2**
Personnel services for catering services, food supply for drilling barge
- **CHECK 6, Performance Excellence Training and Indonesia Agency Services**
Clients include Pertamina, Chevron, Exxon Mobil

History - 2013

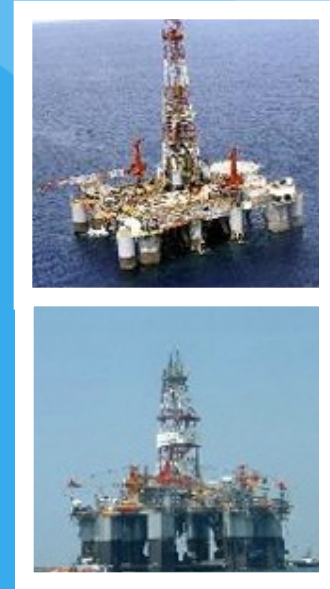

- **DIAMOND OFFSHORE RIG-169 OCEAN MONARCH, INDONESIA**
Personnel services to drilling operations for NIKKO RESOURCES across Indonesia.
- **DIAMOND OFFSHORE RIG-102 OCEAN GENERAL, INDONESIA**
Personnel services for drilling operations for SALAMANDER ENERGY at Makassar Straits.
- **DIAMOND OFFSHORE RIG-133 OCEAN ROVER, MALAYSIA**
Personnel services for well exploration services in Malaysia for MURPHY OIL and HESS.
- **CHINA OFFSHORE SERVICES LIMITED (COSL) RIG- COSL BOSS, INDONESIA**
Personnel for well exploration services & Catering services in West Papua for BP.
- **KS ENERGY RIG - JAVA STAR INDONESIA**
Personnel services for well exploration services in PHE WMO in Surabaya.
- **NORDRILL & DIAMOND OFFSHORE, Shore-based staff, Indonesia**
Provide Shore based staff in Jakarta to assist office operations Positions include: Crew Change Coordinators, Purchasers & Finance

History - 1983

- **Zapata North Sea Inc.**

PONCO's Jakarta operations maintained the supply of personnel to the 3 Zapata Rigs as before in the Java Sea...

- | | |
|--------------------------|-----------------|
| 1. Rig-11 - Investigator | ARCO Java Sea |
| 2. Rig-32 - Heritage | IIAPCO Java Sea |
| 3. Rig-35 - Enterprise | IIAPCO Java Sea |

Job Description included supplying labour, Local purchases to all three rigs and handling of expat crew changes on Rig-11.

- **SUPRACO-PARKER DRILLING - (SORONG - Papua)**

Ponco was awarded the labour contract on Parker Rig-46 in Drilling operations with Phillips Petroleum at Salawati. We also acted as local representation for Parker in Sorong for local purchases and formalities for expat crew changes. This Rig contract started in May 1983 and went on to Petroleum Trend across the Sele Strait until 1984.

- **P.T. USAYANA - CIREBON, WEST JAVA**

On September 1983, P.T. Usayana contracted out a Rig to Pertamina Unit III in Cirebon with P.T. Inaga Kaimana Raya as sub-contractor. P.T. Ponco has a Management Agreement with P.T. Inaga to handle the labour and the catering on this Rig.

History - 1982

- **Zapata North Sea Inc.**

Zapata Investigator, Rig-11, started working for ARCO in the Java Sea. Zapata and Ponco kept the same contracts as in Sorong and Balikpapan, and most of the original view out of Sorong. Thus, at present P.T. Ponco's Jakarta operations comprise the servicing of 3 Zapata Rigs in the Java Sea, with a total workforce of 150 nationals.

Rig-11 - Investigator

ARCO Java Sea

Rig-32 - Heritage

IIAPCO Java Sea

Rig-35 - Enterprise

IIAPCO Java Sea

Job Description includes Supplying labour and handling local purchase for all three rigs and handling of expat crew changes on Rig-11.

- **Phillips Petroleum Company Indonesia**

Supply of labour for the maintenance of its base camp and production facility including Helicopter ground crew and some equipment rental. Total labour force is 150 men.

- **P.T. Baroid Indonesia**

Agency and distribution of Mud and Chemicals for the Oil Industry and stock point in our warehouse in Doom Island, Sorong, Irian Jaya.

- **Dowell Schlumberger**

Warehousing and bulk plant operation for cement and chemicals.

Contracting of warehouse and bulk plant and running stock operation for both P.T. Baroid Indonesia and Dowell at Total Indonesia's Charlie Base in Bintuni, PAPUA.

History - 1981

- **Zapata North Sea Inc.**
In 1981, the ship Investigator moved location for Phillips Petroleum to Balikpapan with Union Oil and P.T. Ponco's service contract moved to Balikpapan also.
Zapata acquired a new rig in Jakarta and P.T. Ponco Susetyo Sakti was awarded the labour contract for the Enterprise, a Jack-up. In October 1981, Zapata requested for 2 crew from us to pick up their Jack-up Rig "Heritage" in Singapore and ride it back to the Java Sea and eventually to supply the labour on this rig as well. This increased our service contract for Zapata, to a three-rig operation - 2 in the Java Sea, and 1 on Balikpapan.
- **Phillips Petroleum Company Indonesia**
Supply of labour for the maintenance of its base camp and production facility including Helicopter ground crew and some equipment rental. Total labour force is 150 men.
- **P.T. Baroid Indonesia**
Agency and distribution of Mud and Chemicals for the Oil Industry and stock point in our warehouse in Doom Island, Sorong, Irian Jaya.
- **Dowell Schlumberger**
Warehousing and bulk plant operation for cement and chemicals and Contracting of warehouse and bulk plant and running stock operation for both P.T. Baroid Indonesia and Dowell at Total Indonesia's Charlie Base in Bintuni, Irian Jaya.

1980

- Zapata Drilling Barge Rig-11, the "Investigator" started drilling for Phillips Petroleum Company offshore in Irian Jaya and P.T. Ponco Susetyo Sakti won the contract to supply labour on board the drill-ship.
- Robray Offshore Drilling PONCO again won a contract to service their Heli Rig- 4, for Amoseas in Nauka near Merauke (South Papua) for a two-well contract and these operations lasted from July 1980 through February 1981.

History - 1979

- **Phillips Petroleum Company Indonesia (Salawati- PAPUA)**
Base camp and pipe line maintenance for Phillips Petroleum on Salawati Island, near Sorong, Irian Jaya and related support services.

1974-1978

- **Phillips Petroleum Company Indonesia (Sorong - PAPUA)**
In mid 1974, Phillips started drilling again in Irian Jaya, this time closer to offshore Sorong, first with the Rowan IV and later again with Gettysburg, which made it a two-rig operation. Ponco Jaya was officially appointed the local agent for Phillips Petroleum to liaison with PERTAMINA and local authorities in Sorong, and to coordinate the expat crew changes for the two rigs. Ponco Jaya was also responsible for refuelling/water barges, crew/supply boats that were plying to and from rig site in Sorong. We were also responsible to coordinating the two helicopters that were assigned to assist in the drilling operation of the two rigs.
- **Robray Offshore Drilling Company (Salawati Island - PAPUA)**
Towards the end of 1974, drilling onshore Salawati in Sorong was started by Phillips, with the Robray Heli Rig - 4. Ponco Jaya won the contract to supply Robray with the labour requirements to build the Phillips base camp on Salawati Island and to clear and construct jungle locations for the rig. At times, these led to 2 or 3 jungle locations and the labor requirements came to about 600 men, all working in the dense swampy jungle. This contract lasted for about 4 years till 1978, when our contract was transferred directly with Phillips Petroleum and Ponco Jaya.
- **P.T. Baroid Indonesia (Sorong - Papua)**
In 1975, Ponco Jaya became agents and distributors for P.T. Baroid Indonesia in Irian Jaya. This agency required the provision of equipment (Forklifts and Crane) and running management of 3 warehouses on Doom Island as a mini supply base. The job required distribution/delivery of mud materials to Phillips in Salawati, Petromer Trend in Sele, Conoco and Total in Charlie Base Bintuni, and Amoseas in Merauke - all Irian Jaya jungle drilling locations.
- **Dowell Schlumberger (Eastern) Inc. (Sorong - Papua)**
In 1976, Dowell awarded Ponco Jaya a one-year contract similar to Baroid from our mini supply base, and later again in 1980, we were awarded the similar job, including the contract to build and operate a field bulk plant and warehouse at Phillips base camp in Salawati Island, Irian Jaya.

History - 1978

- Fa. Ponco Jaya became a limited company, and changed the name to P.T. Ponco Susetyo Sakti retaining the same and ownership as well as management, operating the same contracts as described above.

History - 1974 to 1972

1973-1974

- **Atwood Oceanics International S.A. (Ambon - Molucas)**

“The Gettysburg” and the “Regional Enterprise” were farmed out to Phillips Petroleum Company Indonesia to drill in South-west Irian Jaya. Ponco Jaya was assigned the same contract by Atwood and Phillips, except that this time the operation was based in Ambon, the capital of South Molucas, Indonesia.

1972 -1973

- **Atwood Oceanics International S.A. (Biak - PAPUA)**

Atwood was drilling for Tesoro Petroleum Corporation offshore Japen Island, North Irian Jaya, and we were contracted to supply about 80 nationals to the Atwood Drilling Barge, “The Gettysburg”, and their floating wareship, the “MV Regional Enterprise”.

The positions filled were drilling crews, crane operators, roustabouts, sailor and catering personnel on the two vessels.

- **Tesoro Petroleum Corporation (Biak - PAPUA)**

Tesoro assigned us the handling of expat crew changes, formalities with local authorities and liaison with the BKKA PERTAMINA in Sorong. Other work assigned were the expediting and storage of drilling materials to and from the rig site.
